Features Key:

Creativity Unleashed: With this feature, we wanted to pursue the creative aspect of the action role-playing genre.

RPG Spirit and WorldBuilding Unlimited: We believe that this is the first action RPG that encourages players to become worldbuilders and has a huge game world.

Entertaining in a New Way: We are all fans of adventure action RPGs. However, we want to create our own innovative game that is different from others.

Escape into Fantasy Worlds: We wanted to create a game experience that was capable of transporting the player to a fantasy world.

RPG Revolution: Most action RPGs are few in number, and are founded on simple stories.

Lovers of Real Role-Playing: We are the originators of the concept of portraying characters in an action RPG style, and have been able to experiment with the genre.

RPG Emerges from the Darkness: We wanted to tell a story that has a strong fantasy cast while avoiding being affected by the existing genre. We believe that we have succeeded in achieving such a goal.

"That's on me and the seniors who have been in since I've been here," Cazares said. "That's been asked a lot in that process. I think one thing that helps is we play in a conference with four very good teams. "The league has changed a ton with two other programs reaching out. But up here we had three very good teams in this conference for years, two of them were Pinos Altos." This season, the Lobos have lost two of their games to Pinos Altos, including a 1-0 defeat in Albuquerque earlier this year, and they finished in the last two-thirds of the NMFC standings.
