
Anime X Hero Siege 3.9

Marth returned in Super Smash Bros. Ultimate

Anime X Hero Siege 3.9

The hero students and their classmates are desperate to help find Eri and save her before she's damaged, and they decide that the best way to start is at Overhaul's castle. Going there, the students realize there's just too much going on to let Eri go free and soon, they need to set in motion their biggest battle yet. The episode was perfect in that it showed us how bad the villains are and just how much damage they're capable of doing. The hero students once again have to fight against odds, as their friends, classmates, and even family are being killed by Overhaul and the other villains. But on top of everything, the attack is also disrupting the routines of the hero students' daily lives, which is finally showing. After those two have their issues, Midoriya is still trying to figure out his own identity. The battle with Overhaul has stirred up his feelings about his role as a hero, and he's quickly beginning to question if he wants to be a hero in the first place. Meanwhile, his relationship with Uraraka is still soured, despite them staying over at each other's houses. Will this episode give these characters some closure or will it leave things more than a little raw? Due to the immense number of villains attacking the hero community, the hero students and their friends have no choice but to take the fight to the villains' lair. However, in the process, they begin to realize that they've underestimated Overhaul and the other villains, as their powers only get stronger the longer they're left unchecked. The characters in the series have had to deal with constant attacks on their lives for quite some time now. They also, often times, have to make very quick decisions under very stressful circumstances, which is likely a factor in the series' fanservice. However, this time the attacks are turning some of the heroes a bit more than others. It's showing in Midoriya's growing doubts on his identity as a hero and how he's feeling towards the other hero students, which is an extremely interesting development.
